OUR MISSION

Provide cost effective high quality innovative solutions & services, powered by state of the art technologies, anchored on our basic principles of:

- Explore
- Innovate
- Improve

Our Certifications & Partners:

THE COMPANY (An ISO 9001:2008 Certified Organization)

Established in 1996 by a team of young expert software professionals, Jupsoft is one of the largest IT majors today in providing educational institutions integrated modules to manage all their processes online. Consistently delivering mission, our team has been delivering technically challenging projects under tight timelines, while also providing exceptional customer service and support to our clientele. This in turn has led to extremely positive long-term working relationships all over. Our detailed project process was created to ensure our projects are completed on-time, in-budget, and to the clients complete satisfaction.

We have applied our comprehensive experience, technical knowledge, and business expertise in successfully developing modules that have become most appealing brands, gradually. While, regarding Educational Institutions software our core competency, we have built up a vast amount of experience in a multitude of different markets such as Medical and Healthcare, Printing and Publishing, Retail and Distribution, Government and Educational, Security and Communications and the Voluntary Organisations by developing customized Software Packages for them.

OUR VALUES

- Total customer satisfaction, continuous improvement and total involvement.
- Constantly and consistently deliver products and services of highest quality.
- Keep pace with change and continuously strive for innovation while keeping in step with modern technology and methodology. Our core value centers on total customer satisfaction and quest towards ensuring good corporate citizenship.
